REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: a method and apparatus for signal acquisition are disclosed. The closest prior art Razell, US Patent No. 5,805,017 and Murai, US Patent No. 6,154,487 disclose similar method and apparatus. However, Murai and Razell taken singularly or in combination do not teach or fairly suggest the limitations recited in claims 1 and 12, step/element b and claim 23 element c. such limitations, in combination with the other claimed limitations, are neither anticipated nor rendered obvious by Razell and Murai.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jean B Corrielus whose telephone number is 571-272-3020. The examiner can normally be reached on Maxi-Flex.
